Please contact us (details below) for further information.

Cylinder information*

Cylinders of balloon gas come in different sizes so the number of balloons you can fill depends on the cylinder size chosen.

Additional useful cylinder information

Balloon gas is a safe, non-flammable, non-poisonous gas, which is lighter than air. It can be used safely either indoors or outdoors.

The above chart should be helpful in determining the size of cylinder required as we show the average number of latex balloons that can be expected from the cylinder (if the balloons are inflated correctly).

* For information on S size cylinders, please contact our Customer Service Centre on 0800 111 333

You should never inhale balloon gas as it is an asphyxiant and does not support life.

All customers

It is important that you read and understand both our "Safety advice and operating instructions" and the "Balloon gas safety data sheet" (SDS) before inflating any balloons. These are available either through the Customer Service Centre freephone 0800 111 333 or through our website www.BOCOnline.co.uk

* This equipment should be replaced after 5 years

Fundraising pack

With one of BOC's professional release packs your event will capture attention and attract donations. You will benefit from the huge fundraising potential that each kit provides and guarantee you have maximum impact on the day. BOC balloon release packs include everything you need to help you raise funds through selling. There are three fundraising packs available depending on the size of your event, with each including the delivery and collection of a cylinder and filling kit as well as balloons and attachable race labels.

For pricing information on the BOC release packs please call 0800 587 5868.
