

Which gas should I use?

BOC Sureserve can supply all the gases you need to dispense soft drinks and pour perfect pints every time. A general guide to which gas to use for which product is shown below: If you require most mixtures it may be that there's an equipment solution to suit your requirements.

Gas	Mixture	Dispenses
Suregas	food quality CO ₂	Lagers, ales, soft drinks
Suremix 30	30% CO ₂ / 70% N ₂	ales and stouts
Suremix 50	50% CO ₂ / 50% N ₂	ales and lagers
Suremix 60	60% CO ₂ / 40% N ₂	highly carbonated lagers and ciders
